Aircraft should not be a stock – commercially available kit.

If you have a unique aircraft design bring it out so we can see it fly and win a trophy.

Serious Category: Objective is to promote design improvements in construction, use of materials, and flight characteristics.

Just Plain Strange: Objective is to wow everyone that your design can safely fly. The weirder the design the better.

TROPHIES WILL BE AWARDED FOR 1st PLACE IN EACH CLASS

Visitors welcome. AMA required to fly but not required to be a spectator.

Sky Knight Field has two 450' by 40' runways, one paved, one grass.

NO FLYING OVER PIT AREA, PARKING LOT, OR SPECTATORS
