

CHANGE IN LOCATION !

Sorry, but we need to change the meeting/building location to :

8901 S. 154th St.

Omaha, 68138

Bottom level, East door.

Thursday, 6-9pm

This is the building complex as your first enter the Wehrspan Lake park. Go straight ahead into the parking lot. Bring your Flight Test projects. We will have tools for that, but not much else.

Advise is always free however.....😊😊

Please call me with any questions: 402-312-6482 (Rick)

Rick Sessions, Kirk Rasmussen and Nobel Rasmussen

Facilities are the courtesy of the Civil Air Patrol

P.S. Beny Hafkamp has a big job that just came up and needs full use of his garage for the next couple weeks.

Fellow Flyers:

We are having another fun build night at Beny Hafkamp's work shop!

While the focus will be on foam board, bring any of your building challenges.

We have expert builders who can recommend building and repair techniques.

Location:

78th & Military (northwest side)

White and gray gas station

Date: Thursday, 2/20

Time: 6-9pm

Beny and Beny Jr. have LOTS of fun toys to play with!

Hope to see you then.

Rick Sessions
