

Fellow Omahawk's,

This Friday at 7:00pm, we will be doing something never done before—having an online Member Meeting!

You can either join the online meeting via your computer (**click link below** a 6:55pm), or **call in by phone**, or do both.

It will be a shorter meeting than normal because we will only have the business update and a couple of fun videos. Obviously, to see the videos, you will need to join us via computer. All the instructions to join the meeting are detailed below.

Also included below is the meeting agenda from our March Board meeting.

COME JOIN US THIS FRIDAY AT 7:00PM !!

The Board

Subject: Omahawk's RC - Member Meeting via ZOOM

To: Rick Sessions <rickbsessions@gmail.com>

Omahawk's RC Club Members,

We invite you to join our first meeting that will be held via Zoom! It will be the first time in club history that we hold a members meeting online! For those who haven't engaged in an online meeting, feel free to log on 10 minutes prior meeting start to familiarize yourself with the platform.

Simply use your computer, iPad or smart phone to access the meeting. If you don't have computer speakers, you can call in to the phone number, listen via your phone while watching on your computer. If you plan to use your phone or iPad, the Zoom application (free) works best:

Apple:

<https://apps.apple.com/us/app/id546505307>

Android:

<https://play.google.com/store/apps/details?id=us.zoom.videomeetings>

The link below will take you to the meeting. You will be automatically be muted throughout the meeting. Use the chat feature to ask questions or comment; we'll answer as time allows or um-mute your audio so you can chime in. Rick and I will be streaming via video for you to watch.

If you have no video device, you have the option just to call in and listen; dial the number below and follow prompts.

We look forward to having you participate in this historical Omahawk's RC Club event!

Time: **Friday March 27th, 2020 - 07:00 PM Central Time**

Join the Zoom Meeting via computer, iPad or Phone; use this link:

<https://zoom.us/j/178722118>

... use computer speakers and microphone or **call in for audio**.
